Let me know when you see a state where the DTD 56 numbers have not hit in 4 or more drawings.....that's a sign that one of the 56 numbers will hit on the very next drawing in the next 1, 2, 3, or 4th drawing.

That's how I predicted the **718** that hit tonight in New York....the DTD 56 program missed 3 drawings in a row (3 back to back doubles: **077, 221, 005**).... then a single hit (718).

That 718 was on the DTD 56 list:
