

# NEW!! The **R4X-SS** System

Today is Friday May 8, 2015 and the brand new **Super Six (SS)** program is up on Pick3programs.com. This program is based on the **Basic Box** program and gives you six digits with an excellent chance of hitting in the next six drawings. These six digits are wheeled to create a playlist of 20 box numbers.

This is very important: **this program should be used with the **Revelation 4X (R4X)** program because together these two programs pack a very powerful punch.**

I will give you an example of what I mean using the New York numbers starting from May 8. Below you will see the output of both programs. As you can see, the six digits the **Super Six** program is giving you are **5-1-6-4-3-7** and the **R4X** program is giving you these matching numbers:

Matching Numbers:

4-Match: 037 039 (2)

3-Match: 017 019 137 139 (4)

2-Match: (0)

1-Match: 057 059 357 359 (4)

What you will do now is match the two. The easiest way to do this is to enter the 20 Super Six numbers and the numbers above into the **Group Matching System** program. However, we can just eyeball it. It is clear here that 137 is a hot number because it is on both programs.

3-Match: 017 019 **137** 139 (4)

Super Six **5-1-6-4-3-7**

Same thing with 357.

1-Match: 057 059 **357** 359 (4)

Super Six **5-1-6-4-3-7**

There is one more number: 139 (flipping the 6).

3-Match: 017 019 137 **139** (4)

Super Six **5-1-6-4-3-7**

**By using these two programs together we end up with just THREE numbers to play!**

**These numbers are good for the next SIX DRAWINGS.**

**137, 137, 357**

And just to confirm, you may want to put the 20 Super Six numbers plus the R4X numbers on the Group Matching System program, just to make sure:

**2-Way Match: 137 357 (2)**

It checks out; 137 and 357 are the matching numbers. Below are the results of both programs. You enter the last 10 numbers into the SS program and the last 40 numbers into the R4X program. **PROJECT: It would be interesting to know how many times these numbers hit in your state in the last 30 days!**
