

520 (B) Just Hit New York – FORCING A Hit

After seeing two C numbers hit New York last night, I predicted that an A number will hit in the next 4 drawings (always give yourself 4 chances to hit. Giving yourself only one chance is too risky).

Good for Monday Feb 2

Now we are literally in a situation where we are **FORCING a hit** because the way the program is set up, there are only three types of numbers: A, B, and C...and two C numbers hit yesterday and a B just hit.

There is only ONE type of number left to hit...A.

So we are trapping a hit here.

We are FORCING an A number to hit!

I LOVE this program!
