

## Make \$10,000 Per Month: Update for April 3, 2015

I have been a little quiet lately but that's because I have been busy.

I am working on the New York follower system. As I stated before, for this system you will only need to know the last number that hit and that will tell you what to play for the next drawing. However, I will have to use the last 5 to 10 years NY results to make this a super accurate system, and that will take some time. So I figure that this new system will be up in a month or two (and as I stated before, I may put this on a completely new site just for NY numbers).

Also, I am improving the text on the home page of [pick3programs.com](http://pick3programs.com). I will be adding additional information and actually give away some free strategies on the new updated home page.

Next, as I pointed out on my last post, I have gotten involved in the Kindle eBook business...which is actually turning out to be easier than I expected. I got myself two Virtual Assistants to write some eBooks that I will sell on Amazon. (I am quickly finding out that the secret of success for the busy person is outsourcing work to virtual assistants; which does not cost much actually if you get them from overseas).

I found two virtual assistants here: <https://www.odesk.com/>

I am paying them \$50 to write me an ebook.

I am thinking that the ebooks will generate about \$100 to \$300 per month.

AND I can put up MANY of these ebooks!

**(That is how some people are making \$10,000 per month selling these Kindle ebooks!)**

Here is what I mean by a "Kindle ebook": <http://alturl.com/knsrf>

**I know this is not Pick 3...but hey, money is MONEY.**

**(And I am willing to teach you exactly what I am doing to make this money.)**

I am actually keeping a journal of what I am doing on a day to day basis on this new money making venture. If you would like to receive a copy of this journal (where I explain exactly what I am doing right now to start making money on Kindle) email me with "**Send Kindle Journal**" on the subject line and I will send it to you...FREE of charge. (You will get it in a few days because I want to add an introduction.)

**This applies to EVERYBODY...members and non-members alike.**
