

NEW Systems, Programs, and 60 Day Access!

I want to tell you about some exciting NEW developments!

Over the weekend I came up with TWO brand new systems. One system is for **Pick 3** and the other is for **Pick 4**.

I am giving away these two systems for FREE.

They each provide a way of tracking numbers. This means that you can now place or locate numbers that hit in one of 10 (Pick 3) or 14 (Pick 4) lines.

FREE Pick 3 System

FREE Pick 4 System

NOTE: Look at the last 10 numbers that hit your state in the Pick 3 game. I would not be surprised if 4, 5, or 6 of those 10 numbers are on the Hit Parade list!

And it gets better: There is a **NEW program** to go along with the Hit Parade 100 system for the Pick 3 game. This new hit program will allow you to cut down your playlist by using key digits. For example, let's say that you are only interested in the Hit Parade numbers with a 4. Well, just enter 4 on this program and it will give you this:

Hit Parade 100

List 4:

024 034 045 046 047 048 049 124 134 146 148 149 234 246 248 249 345
346 347 348 349 456 457 458 467 468 469 478 479 489 (30)

And I have even more Good News!

You will see sometime today or tomorrow a shorter version of this program that uses only the top 5 lines or **50** numbers. You use this program AFTER you see a high number hitting your state (example: 459, 489, 588, 789, 999, etc). When you enter digit 4 on this shorter version of the program, it only gives you 12 numbers:

Hit Parade 50

List 4:

024 034 045 046 047 048 049 124 134 146 148 149 (**12**)

WHERE do you get these key digits?

Primarily from the **Basic Box** program (see chapter 19 of my book for details): <http://www.amazon.com/dp/B00X7OWHXE>

And I have another great announcement:

I am offering 60 day access for just \$60!
