

# Make **\$1,800 to \$4,500** Every Month

## QUESTION-1

Hey Anthony, I see you've been very busy. The new information is great - but I have a question. I am still interested in the alpha-2 program. I would like 6 to 10 states set up on a different website. I was wondering if I can hire you to get that done if I paid for all the programming costs and also your fees for the work.

## MY RESPONSE-1

At this point that will feel like going backwards.

I have these straight numbers out now....

<http://www.amazon.com/dp/B0131VB3JQ>

<http://www.amazon.com/dp/B0131XOCJW>

So I would wait a month or two to see how frequently they hit.

Remember: these straight numbers pay **\$900** for a \$1 bet on 5dimes.com

**Secondly; if you play ALL of them (all the numbers posted for the 15 states) you are pretty much GUARANTEED to hit 2 to 5 times.**

**This of course will mean **\$1,800 to \$4,500** per month.**

THAT is some serious money.

So I suggest waiting this out to see how the straight numbers play out in the next few months.

**And I will be speeding things up a bit because I will be putting out these numbers on the **1st** and the **15th** of every month....so that will generate more hits.**

I will keep my focus on these numbers for a while....and avoid distractions.

This 5 step cycle is the key to all of this really:

(1) Identifying the best system based on what you know now.

**(2) Focus on that system.**

(3) Learn as much as possible about this system by posting numbers based on this system and then seeing what actually hits.

(4) Identify a better system based on what you learn in step 3.

(5) Return to step 2 (Focus on that system) **and repeat the cycle.**

**This cycle is what has brought me to where I am now.**

Therefore, I will stay focused on this straight number system and learn as much as I can about it until the next BIG THING shows up.

I suggest you do the same.

## **QUESTION-2**

The 2 straight books have the numbers to play with the number just drawn?

The followers 3 book lists the same numbers as the straight books?

**I am confused.**

Please explain.

## **MY RESPONSE-1**

The Follower-3 book has a generic list of key digits good for all the numbers. The first 3 digits tend to hit together as a number sometimes (the Delta-3 number). It also has a list of 10 numbers. These are the 10 numbers you get when you wheel the five Delta-5 digits.

So don't get confused here; these are two different systems.

The straight numbers are good for 30 days.

The Follower-3 Delta digits and numbers are good all the time.
