

## 370 Just Hit New York (12-11-2015)

(099 Hit Last Night)

099 hit New York last night. This means that the 9 in the middle (0**9**9) was all the way on the bottom of the MRB (**Master Reference Box**).

|   |   |   |
|---|---|---|
| 0 |   | 9 |
|   |   |   |
|   |   |   |
|   |   |   |
|   |   |   |
|   |   |   |
|   |   |   |
|   |   |   |
|   |   |   |
|   | 9 |   |

This means that one of the top two or three digits (453) will hit in the next one or two drawings (most of the time). You would be OK with just the top two digits (4 and 5), **but use the top three digits for “a sure thing”**. If you read **SECRETS-2**, you know exactly what I am talking about...and know what the other digits are in the box above.

Here is the list of 58 singles with a 4, 5, or 3 in the middle  
**(SAVE this list!! It is very useful.)**

034 035 036 037 038 039 045 046 047 048 049 056 057 058 059  
 134 135 136 137 138 139 145 146 147 148 149 156 157 158 159  
 234 235 236 237 238 239 245 246 247 248 249 256 257 258 259  
 345 346 347 348 349 356 357 358 359 456 457 458 459 (58)

Now I am going to add something new; **match this list with the DTD and Basic Box numbers.** The 3-way list (numbers on all 3 lists) will be much shorter than 58 numbers. This shorter 3-way list will be your playlist, or numbers you would consider playing. Next you will see the numbers from the **DTD** and **Basic Box** numbers based on the last 10 New York numbers starting from the 099 from last night.
