

The Q4 Straight Number System

I am ALWAYS improving my systems and if you have been reading my blog lately (<https://pick3master333.com/>) you will see that I have been making STRAIGHT number predictions that come true in the next 1 to 4 drawings. These predictions are based on my brand new system, **Q4**.

Q4 is a Purely 100% STRAIGHT Number System.

This system works in ALL states and it's a **PEN and PAPER** system.

This system does NOT require the use of any program.

That's right: you will NOT need to access my programs to use this system! Q4 is a Stand-Alone System.

Q4 basically requires two things:

- (1) The special **Grid or Chart** that comes with this system.
- (2) **The Q4 Report.** These two things will teach you how the system works. This is the most **powerful** and **accurate** STRAIGHT number system I have ever created (up to now) and I am only teaching it to Gold Members.

However, I just came up with a Super Special for those players who are interested in learning this system - but don't want to join the Gold program. With this Special I will basically sell you the Q4 System as a stand-alone system. **There is nothing else to buy or join.** I will sell you the system for \$60. For \$60 you will get:

- (1) The **Q4 Report** that explains this system in detail.
- (2) **TWO months of VIP access.** You will be able to use ALL my programs for 60 days (however, you do not need my programs to use the Q4 System). If you currently have access to my programs I will add 60 days of VIP access to whatever end date you currently have. So if you currently have regular or VIP access until October 10 (a month from now), I will add 60 days to this. **This means that you will have VIP access until December 10.**
- (3) The **Q4 GRID.** This system is based on a "map" or layout that has all 1000 numbers in the Pick 3 game arranged in a **VERY SPECIFIC ORDER** and **SEQUENCE**. The "magic" of the Q4 system is contained in the special arrangement you will see on the Q4 grid.
- (4) **My Q4 DATABASE;** This is my New York Q4 tracking sheet that stretches from **SEPT 2016** to **JAN 1, 2016**. The information this tracking sheet provides is pure GOLD. (I explain in the Q4 report exactly what a "Q4 tracking sheet" is). Use this as a model to make a database for your state.

BONUSES ADDED!

Since this is going to be a single purchase, I figure I give you as much as I can so you learn as much as possible. Hopefully, after seeing how much VALUE I am giving you, you will decide to join my Gold program (**Gold members get my most advanced strategies**). That is why I decided to add 3 very valuable books, which are currently being sold on Amazon. You will be getting the PDF edition of these Kindle books. The PDF edition is much easier to read and navigate.

This means that not only will you learn about my incredible **Q4 System**, you will also get a comprehensive understanding of my approach to the Pick 3 game and learn some of my most advanced strategies – Pick 3 strategies that you will NOT find anywhere else. (I can guarantee you this: **NOBODY is teaching some of the stuff I am teaching about the Pick 3 game. And I am just getting started – I have some INCREDIBLE STRAIGHT Number Systems planned for the near future!!**).

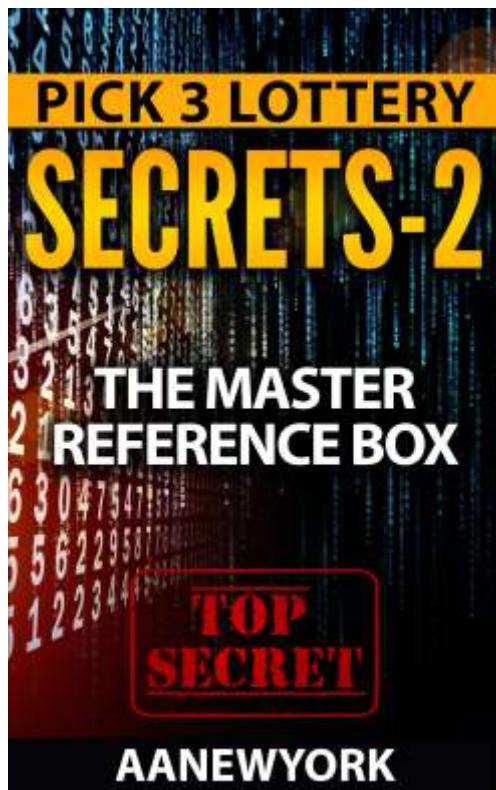

OK - so let me discuss the additional bonuses you will get. **Secrets-2**, **Secrets-3** and **Book-40** will teach you some of my most sophisticated strategies. **Secrets-3** and **Book-40** in particular will teach you how **5dimes** works. More specifically, they will teach you what TRAPS to avoid when you use 5dimes.
