

The NEW and Improved

7 Day Numbers

I want to give everybody a heads up on a new addition to the 7 Day Numbers book series. I realized that sooner or later I will run out of things to say in the Bonus section (or I will start repeating myself) so I recently started to look for additional reports, numbers, etc. to add to the series.

I found what I was looking for: the **Revelation 60** Report.

Reference Box Programs

- > REVELATION 40
- > **REVELATION 60**
- > REVELATION 4-10

- > REF. BOX & GAME INDEX (20)

Here are the instructions that come with this program:

Revelation 60

This program is the 60 number version of the regular Revelation 4 program. This program will only work with 60 numbers; you will get an error message if less than 60 numbers are entered. If you copy a large list into the top input box, the program will only use the first 60 numbers. This program will convert all numbers to their box format and give the corresponding **Revelation** box for them. In addition, this program will provide two playlists based on the top two levels of the Revelation box. The first one is called **List-8** for 60D and will give the list of 8 numbers based on the first two levels (top two digits for the first position, top two digits for the second position, and the top two digits for the third position). 60D here means 60 drawings. If there are duplicate digits on the first two levels, the list will have less than 8 numbers. The second list (**List-20 for 60D**) will wheel the top 6 digits. You will get the same list if you wheel the 6 digits on the **Wheeling Program**. This list will have less than 20 numbers if there are duplicate digits. This program will automatically add a 9 if one of the top six digits is a 6 and it will add a 6 if one of the top six digits is a 9. So if the top six digits are 0 4 7 1 3 9, the program will wheel these six digits PLUS the digit 6. If the top six digits are 0 3 6 2 5 8, it will wheel these six digits plus the digit 9.

I will say more about the output of this program in another report.
For now I just want to say that **this report will replace the Bonus section.**

Just how accurate is this Revelation 60 Report?

Here is an example from Book-16 for New York (good for the week of January 3 to January 9). Here are the 60 numbers for NY on Book-16.
