

Intuition Training System

Find Winning Numbers Just By **LOOKING** at the
Regular and Summary Reports!

I am excited!!

I just came up with an amazing system that will literally train your INTUITION to spot winning numbers on the Regular Report and on the Summary Report – just by you LOOKING at them!

This will require that you print out the 2 reports for your state for the last few weeks.

This assumes you have the reports starting from at least **Book-18** because that's when I started to include the **Summary Report** in the books.

If you are a **VIP** member or if you are on the **7 Day Club**, you should have these books (from **Book-18** to the current book), but if you don't, I have a super special for you. But first, I will give you this intuition training system for **FREE**. This is actually a more detailed version of the **7 Day Review** system that I included in **Book-23**. The expanded strategy is on the next page.

7 Day Review

Intuition Training System

This strategy will literally train your intuition to find winning numbers in the reports found in the **7 Day Number** books. This strategy will require that you have the Regular and Summary Reports for the last few books. Here are the 8 steps of this strategy.

1-Print out the two pages for your state (Regular and Summary Reports).

2-Write down the 14 numbers that hit during the week (it will be 7 numbers if you are in a one draw per day state).

3-Use a yellow highlighter to **highlight the numbers that hit on the reports (or circle them with a **red** pen).**

4-Look at WHERE the hits are coming from in the reports. Look for patterns.

5-Keep all the pages (2 per week) on a binder. You should get a hole puncher for this to put 3 holes on the pages. Update this binder every week with the 2 reports from the last book. This means that you will be adding 2 new pages to this binder every week.

6-LOOK at the pages (which have the numbers that hit highlighted) on a regular basis. Notice WHERE the winning numbers are in the reports. Notice where these locations MOVE from week to week. Look for patterns in this movement.

7-The previous steps will TRAIN your intuition (ESP) to identify winning numbers on the 2 reports.

8-After a while, you will get a good FEEL of where the hits will come from in the reports for the coming week (NEXT 7 days). You will just have to LOOK at the reports for the coming week and you will get a GUT feeling of which number or numbers in the report will hit in the next 7 days!

The strategy I just described is great IF you have the books from Book-18 to the current book. If you don't have these books, I have a Special Offer for you.

The \$12 Super Special:

Get 8 Books (16—23) for Just \$12

I will give you **Books-16** through **Book-23** (8 books) for just \$12. These will be the PDF edition, which are much easier to **read** and **navigate** than the Kindle.

If interested, email me with “**\$12 – 8 Books (16-23)**” on the subject line (my email is aa2newyork@aol.com). Once I get payment, I will email you the 8 books. My email to you will have the 8 PDF books attached. You will be able to start using the strategy I just mentioned right away! Just print out the two reports for your state starting from **Book-18**, and you are ready to go. Write the 14 or 7 numbers that hit the 7 days **after** each Book and then highlight these hits on the two reports. Do this for all the books. And then put them in a binder (get a hole puncher so the reports will fit neatly in a binder).

Now....LOOK at the pages on a regular basis. **Notice how the winning numbers CHANGE location from week to week. What is the pattern?**

Then....look at the two reports for your state in the current book. **What does your GUT tell you? What number should hit THIS week (based on the patterns in the previous reports)?**

PREDICTION:

**Do this – AND YOU WILL HIT Pick 3 on a regular basis
week after week!!**

AGAIN: email me with “\$12 – 8 Books (16-23)” on the subject line (my email is aa2newyork@aol.com) to get the 8 Books!
