

I Just Improved the Revelation 60 Program (Again!)

<http://www.amazon.com/dp/B01CDJ75AI>

In **Secrets-3** I describe a tracking system that uses the numbers in line 6 of the Revelation Box.....

Revelation 60

60 numbers used:

167 157 356 478 488 358 129 135 135 347 114 347 012 555 144
377 159 146 779 099 334 268 025 159 199 149 277 055 889 048
488 056 348 127 449 445 578 569 013 289 027 012 577 008 299
009 379 155 278 068 156 178 133 588 138 359 037 566 345 447

1-Top 5 Digits for 60D: 5-1-7-4-8

2-Top 5 Digits Playlist: 145 147 148 157 158 178 457 458 478 578
(10)

3-Top 5 Pairs for 60D: 15-35-13-19-34

4-Top 5 Pairs Playlist: 134 135 139 159 345 (5)

5-LIST-8 for 60D: 048 049 058 059 148 149 158 159 (8)

6-LIST for 60D (014568): 014 015 016 018 019 045 046 048 049
056 058 059 068 069 089 145 146 148 149 156 158 159 168 169
189 456 458 459 468 469 489 568 569 589 689 (35)

**There are 20 or 35 numbers in this line and my point is
that if you line them up in lines of 10 numbers like this....**

014 015 016 018 019 045 046 048 049 056
058 059 068 069 089 145 146 148 149 156
158 159 168 169 189 456 458 459 468 469
489 568 569 589 689

And you notice **where the hits came from **this** week;
the “missing line” or lines will have the winning number
NEXT week.**

For example if 068, 189 and 589 hit this week and their locations are these:

014 015 016 018 019 045 046 048 049 056
058 059 **068** 069 089 145 146 148 149 156
158 159 168 169 **189** 456 458 459 468 469
489 568 569 **589** 689

There is an excellent chance that NEXT week there will be at least one number hitting from line 1:

014 015 016 018 019 045 046 048 049 056
058 059 068 069 089 145 146 148 149 156
158 159 168 169 189 456 458 459 468 469
489 568 569 589 689

(I explain this in detail in **Secrets-3**, and I will elaborate on this in the next book: **Book-27**).

Well....I will make your life easier now because ALL three Revelation programs will automatically line up the numbers in lines of 10, making it easier for you to track numbers using this system.

6-LIST for 60D (014568): 35 Numbers

014 015 016 018 019 045 046 048 049 056
058 059 068 069 089 145 146 148 149 156
158 159 168 169 189 456 458 459 468 469
489 568 569 589 689

So the output will look like this from now on.
