

Exciting News!

The 5 Level Coding System Book Series for Both Pick 3 and Pick 4 is Coming Soon!

I just completed the **27 Report Book Series**.

You can find the links to all the Kindle books on Amazon here:

<https://pick3master333.com/27-reports/>

I just decided that I **WILL** commit to the 5 level coding system

I mentioned yesterday on my blog: <http://alturl.com/c98bc>

1	1	1
2	2	2
3	3	3
4	4	4
5	5	5

And much more importantly, I decided to write a **NEW BOOK Series** based on this **NEW** and **BETTER** coding system!

This new book series will represent a **dramatic improvement** over the 27 Report book series.

The **First Improvement** is that in this new book series I will use a better 5 level coding system:

1	1	1
2	2	2
3	3	3
4	4	4
5	5	5

The original 4 level coding system was limited to only coding low numbers (048, 157, 159, 137, 138 , 139, 235, 367, etc.) and did not allow for **higher** numbers to be coded (459, 489, 589, 678, 789, etc). Many (not all) of these higher numbers can now be coded with this “deeper” Revelation Box.

Therefore, the main advantage is that using this new 5 level coding system will allow everybody to code MORE NUMBERS every week. **More numbers coded means MORE HITS every week.**

Let me SHOW you what I mean.

I started to code the New York numbers using the NEW REVELATION 605 program:

Reference Box Programs

> **REVELATION 605**

> REVELATION 60

> REVELATION 40

> REVELATION 20

> R60 DECODING PROGRAM

> REVELATION 4-10

> REVELATION 4

The **REVELATION 605** program is a **simplified version** of the Revelation 60 program. Most of the output has been **removed** but one very important part has been added: the Revelation Box goes 5 levels deep. Another important difference is that the numbers entered maintain their straight format (however, the Revelation Box is based on the box version of the straight numbers entered).

I started to code the New York numbers using this new 5 level Revelation Box. You can see the first 3 reports below (the reports will be arranged from the most RECENT to the oldest, so Report 1 will be at the BOTTOM in the new book series).

As you can see, there are MORE CODES.

All the codes with a 5 in them are NEW.

I highlighted the NEW codes in **red**.

These new codes were NOT in the 27 Report book for NY.

Amazing, right?

There are definitely MORE NUMBERS CODED with this 5-level coding system!

The **Second Improvement** in this book series is that **I will tell you right up front exactly what the hottest codes for your state are.** There will be no need for you to guess or **to collect any codes** or to figure anything out; I will just tell you what the hottest codes for your state are at the **START** of the book.

The **Third Improvement** is that the reports will be arranged from the most recent to the oldest: Report 39, Report 38, Report 37, Report 36, etc. This means that you will just have to “continue” by adding the most recent report to the front.

The **Fourth Improvement** is that I will remove all the “distractions” and will **FOCUS** on the one thing that really matters: the **Codes.**

These Kindle books will be BETTER than the 27 Report books – but I will NOT raise the price; they will be the same price: \$2.99.

MORE GOOD NEWS!

There will be a Pick 4 Book Series!!

That's right: I will put out a Pick 4 Book Series as well.
They will be based on this 5 level coding box:

1	1	1	1
2	2	2	2
3	3	3	3
4	4	4	4
5	5	5	5

These books will be priced at **\$9.99**.

If you have already purchased a \$60 Pick 4 Report, I will add 30 days of VIP access to your account...**WHEN the Pick 4 Kindle Book you ordered is up on Amazon. So email me when you see the Pick 4 book for the state you ordered up on Amazon. (This will be in 2 or 3 months).**

I know I said that I would not be putting Pick 4 reports up on Amazon. However, I know that I will be more DISCIPLINED and put out a Pick 4 book for EVERY state if I decide to put them up on Amazon. I am not disciplined when I am putting out random reports.

**I will put up the Pick 3 Books First,
Then the Pick 4 Books.**

The First **5 Level Coding System** Book
for Pick 3 Will be for New York.
It should be up in about 2 weeks!!
