

I Hit **3858** Box in NY Last Night (Wed Feb 22)

To Review: The New York Win 4 program gives me 150 numbers (80 singles and 70 doubles). I only play the 70 doubles. I play these for 0.25 cents at 5dimes. I win \$187.50 every time I hit. And as you can see here: <https://pick3master333.com/win-4-hits/> ...I have been hitting quite frequently.

I am spending \$35 per day playing these 70 numbers box. I play the numbers at night. I play the numbers for the midday and evening drawings of the following day.

You can see part of the output of the NY Win 4 program on the next page. I only play the bottom numbers (doubles).

The number 3858 is in the program as **5388**.

I am still waiting to get back the codes for **FLORIDA, OHIO,**
and **NORTH CAROLINA.**

I will put up the Win 4 programs for these states as soon as I get the codes.

I will soon back test the **Texas** program to see how well it has been performing (the Texas Win 4 program is already up on the Gold section).
