The numbers above are the 35 hottest box numbers in the entire history of the Pick 3 game in New York. The numbers above are arranged from lowest (012) to highest (689). The same 35 numbers are below but the arrangement is different; the numbers below are arranged from the hottest number (**047**) to the next hottest number (369)...all the way back to the coldest number (389). All of these numbers hit frequently in New York but the numbers in the top line (047 369 347 018 237 059 012) hit more frequently than the numbers on the bottom (124 056 179 345 026 034 389).
