

# How to Become a Pick 3 **MASTER**

*Here is a quick summary of what I am working on now:*

I recently put up the first book in the **8 Super Numbers** book series (Book-1): <https://www.amazon.com/dp/B076CKW59L>

Here is the 2nd book in the series (Book-2):

<https://www.amazon.com/dp/B076HNRJ35>

The system is based on a simple 3x3 matrix.

This is the EASIEST and most SIMPLE approach to the Pick 3 game that I have ever developed. It does NOT require the use of my programs. **The numbers (and the key digits) you are going to play are right there on the matrix.**

I explain the basic matrix (or magic square) in the first book and in the second I explain several advanced strategies (there is much more to the magic square than what I said in the first book).

Now here is the **EXCITING** part:

**I have figured out a way to use the magic square to get **DAILY hits**. That's right: I found a way to get a hit TODAY using the same 3x3 matrix.**

I will be explaining this amazing discovery in the next book in the series, Book-3.

This Kindle should be ready in about a week from now.  
**This is my BEST work yet.**

**This replaces most (almost all actually) of my previous strategies. Best of all, you will NOT have to rely on any program to use the system; it's all in the magic square; you just have to know what to LOOK for.**

This will make it possible to greatly simplify everything I have done. And I just came up with a simple step by step process anyone can follow to become a true master of the game. This is a **basic curriculum** or learning program that can take a total beginner and turn him or her into a true MASTER of the game.

I will most likely end up adding additional steps to this list (just to cover all the bases) - but for now, below are the 10 basic steps.

### **1-Read my Overview Report.**

This report gives you a birds eye view of what I teach (programs, Kindles, strategies, etc.). You probably have this report since you are on my email list. I will be updating this report on a regular basis. To get it, email me with **SEND OVERVIEW REPORT** on the subject line of your email.

### **2-Take the FREE 10 Day Training Program.**

### **3-Read all my FREE Reports.**

After you have access to my programs, email me with **SEND ALL FREE REPORTS.** These free reports explain many of my best programs and strategies.

### **4-Read MY TOP SYSTEM Kindle.**

This Kindle explains two of my basic strategies:

The **Reference Box** and **Revelation Box** (and the differences between them): <https://www.amazon.com/dp/B016DUDQG0>

## 5-Read **SECRETS-2** and **ADVANCED Tracking Systems**.

The 3x3 matrix I explain in the 8 Super Number series is based on the **Master Reference Box**, which I explain in detail in these two Kindles.

<http://www.amazon.com/dp/B01D0G75KS>

## 6-Read **Book-1**.

<https://www.amazon.com/dp/B076CKW59L>

## 7-Read **Book-2**.

<https://www.amazon.com/dp/B076HNRJ35>

## 8-Read **Book-3 (Coming Soon!)**

## 9-Learn how **5dimes.com** works.

You do that by reading **SECRETS-3** and **Book-40**.

**Question:** Where can you spend 0.25 cents on a number and win **\$225**? **Answer:** 5dimes.com

**Question:** Where can you spend \$1 on a number and win **\$900**?  
**Answer:** 5dimes.com

I explain how 5dimes works **(and the traps to avoid)**

in the SECOND part of **Secret-3** and in **Book-40**:

### **10-Become a Gold Member for at least One Month.**

There is one more thing you will have to learn to really master the Pick 3 game in my opinion. You will have to learn my **20 Straight Number System**. This is the system I used to get several of the straight hits you see here:

<https://pick3master333.com/my-straight-hits/>

However, you will not find any information on this system online or on a Kindle; I only teach it to Gold members. So I suggest you join at the Gold level for at least ONE month to learn my **20 Straight Number System**. Right after you join, I will email you several reports explaining how this amazing system works.

I want to point something out about this system: this is not so much about finding 20 straight numbers to play in your state. It is a **THINKING system** or methodology. This system teaches how to think strategically about the Pick 3 game. You can use this methodology on any list of numbers. You can even use it to create your own system based on your own personal “hot list” of numbers.

There you have it.

**This 10 point system can take a total beginner and turn him or her into a true Master of the game in a few months.** Just follow the steps, one at a time, and you will slowly but surely increase your understanding of the game and learn what you really have to do to hit consistently.

Being a master does not mean that you will win every draw or become a millionaire. It means that you have a very **deep understanding** of the mechanics of the game.

Being a master means that you understand the inner workings of the Pick 3 game and have identified a **FIXED reference point within the game** (that is what the magic square is: a FIXED 3x3 reference point that never changes). You use this fixed reference point to predict groups of numbers that are due to hit soon (explained in Book-2) and you also use it to predict what numbers will hit TODAY (this is explained in Book-3).

Bottom Line: Being a master of the Pick 3 game means that you have the Strategies and Systems that will help you **win consistently**. This is especially true after you start applying what I will be revealing in **Book 3: Daily Hits!**

The 10-step system I just laid out is highly streamlined. I deliberately left out many systems, Kindles, reports and other “distractions” to make your path as simple and **affordable** as possible.

And speaking of affordable: the system I will be explaining in Book-3 is NOT program dependent. It’s pretty much a Pen and Paper system (just like my **20 Straight Number System**). This means that after you learn my Daily Hits system, you will only use my programs if you want to – not because you have to.

Book-3 will be out in about a week!
