

How to Get **DAILY Hits** in the Pick 3 Game!

This Kindle contains the absolute BEST Pick 3 system I have ever created. Here I explain a simple Pen and Paper workout you can do to find out **what numbers will most likely hit your state TODAY!** That is why I call this the **DAILY** HITS system.

I laid the foundation of this amazing system in the first two books; so make sure you read these two books first before reading this Kindle or else you will be lost:

Book-1: <https://www.amazon.com/dp/B076CKW59L>

Book-2: <https://www.amazon.com/dp/B076HNRJ35>

This Kindle has my most **ADVANCED** Pick 3 strategies up to date. There are many incredible strategies revealed here. And just to give you a reference point:

The PDF edition of Book-1 has just 13 pages.

The PDF edition of Book-2 has 49 pages.

The PDF edition of this Book has **130** pages!

In this Book I reveal **many** Pick 3 secrets, such as:

*A simple workout that tells you what key digits are most likely to hit your state TODAY.

*How to get the shortest possible playlist for these key digits.

***The Short List:** It is common knowledge that there are 36 singles for every key digit in the game. What if I told you that you can confidently play LESS numbers to cover ANY of the ten digits (1234567890) with as little as 28 numbers - and still HIT almost every time a number with that digit hits – even though you are playing LESS than 36 numbers!

***The Short List of all ten digits is included on this Kindle!**

***The 8 Point System** for predicting what numbers will hit your state TODAY.

***The three digits most likely to hit your state in the next two drawings right after these types of numbers hit: 000, 777, 007, 770, 336, 366, 367. The "secret" is revealed in this Kindle.**

***The Master List:** You will be using this list to convert all your key digits into actual numbers to play. This list is pure magic!

***6 Strategies** you can use to reduce any list (and play the least amount of numbers possible).

***Aggressive List Reduction Strategies** are revealed here as well.

*(NEW!) How to use something I call **Digit Hierarchy** to find the best digits to play in your state TODAY.

*I provide overwhelming proof that the DAILY HITS system I teach here works by showing hits generated by the system in several states including **California, Connecticut, Florida, Georgia, Maryland, Michigan, New Jersey, New York, North Carolina, Ohio, Ontario, South Carolina, Texas, and Virginia.** Don't worry if your state is not on this list because the DAILY HITS system works in ALL Pick 3 lottery games.

***Attention NORTH CAROLINA Players!**

I did something special for NC in this Kindle. I tested the system for 22 consecutive days to prove that this system works day after day after day. No - this system will not work every single day, but it works MOST days. If you play NC numbers you will be very happy with what you see here.

***Attention TEXAS Players!**

I added a few extra examples showing that this system works on a daily basis in Texas as well.

*I don't leave you hanging at the end, wondering what to do next. After explaining the Daily Hits system and proving that it works in several states, I list 10 simple actions you can take right away to start WINNING at the Pick 3 game using the strategies you learned.

But there is more!

Special Bonus:

The UPDATED 5Dimes Report is Included!

You will also find included at the end of this Kindle the most thorough and insightful report on 5dimes that I have ever written. I could have sold this report as a separate product - but you will not have to make another purchase to get it because it is included here!

I suggest you read this Kindle to learn the best DAILY HITS system available and learn how to start winning TODAY!

PROOF That This System Works.

I recently got this testimonial from a Gold member:

*Anthony, Just a quick note to let you know that out of 12 bets I have placed the last 2 days using your Pick 3 Daily system I have won 9 of them. I'm well on my way to winning **1,500.00** plus for the month of November! That's using only .25 and .50 bets so far. I can't wait til I get to \$1 and \$2 bets...it will mean an extra vacation to the Caribbean every year and maybe more. So far the results are great...Thanks for all you do! Mike.*
