

An INCREDIBLE Discovery!-Part 3

The numbers 958 and 747 hit New York yesterday, making the key for today **123** (explained in Book-3). This means that based on this tracking system, a number with a 1 should hit soon; most likely TODAY since the first position in the key is way overdue.

12/9	1	2	3		958	747		X		
12/8	5	8	9		622	417		X		
12/7	2	4	8		905	951			X	
12/6	2	4	9		386	011				X
12/5	2	3	5		906	418			X	
12/4	6	8	9		514	235		X	X	X

Here is the playlist for digit 1:

Playlist for Digit 1:

If you are not clear on how this system works, I suggest you read Parts 1 and 2 again and that should clear things up for you. Just email me with **SEND DISCOVERY REPORTS** on the subject line of your email and I will email them to you right away.

This means that now I am looking for a digit in the third position in the key to hit (12**3**). I have to wait for tonight's drawing to get the key for tomorrow. That will tell me what the third (hot) digit will be tomorrow in New York.

A quick note for those of you who are on a tight budget:
This is a PEN and PAPER system if you have **Book-3** and the **Key Playlist Report**. Book-3 will teach you how to get the key and the playlist report will give you the playlist for each key. Once you have these two documents, you will NOT need to use my programs to use this (amazing) tracking system. And you can get BOTH the PDF edition of Books123 AND the **Key Playlist Report** for just \$29. Just email me with this on the subject line of your email: **\$29-Key Playlist Report-Books123** and I will send you a Paypal invoice right away. I will email you the documents right after I get payment. My email is aanewyork4000@gmail.com
