Here is a close up:

This is one of three pairs I predicted for this week (March 4 to March 10):

<https://pick3master333.com/2018/03/04/three-hot-pairs-for-new-york-56-36-35/>

Here is the back story of this hit:

I have created a coding system for the Pick 3 game that allows me to predict what numbers, digits, pairs, doubles, etc. are most likely to hit in the next 7 days.

At first I thought that it would be best to identify the hottest number (or two) that will hit in the next 7 days – but this did not work. I played the two hottest numbers for 4 consecutive weeks, and NOTHING – I did NOT get a hit. Meanwhile, the two hottest PAIRS were hitting almost every week, and usually both of them. Better yet, they were hitting as DOUBLES.

That told me that I better switch gears fast and abandon my two number strategy and instead play the two hottest pairs. I started doing that this past Sunday, March 4 (my system gives you numbers good for the calendar week: Sunday to Saturday). The system told me that pairs 56 and 36 are the two hottest pairs this week in New York. I also picked pair 35 for another reason; pair 35 is the 7th hottest pair for New York this week and it is also the most due pair in New York right now:

4-Due Pairs

100 Numbers used:

968 542 803 959 413 632 988 995 460 291
498 993 756 133 429 716 949 570 071 279
201 158 674 204 705 822 150 383 897 605
998 295 805 720 622 291 955 374 771 558
296 213 696 879 463 772 300 369 321 412
992 464 203 006 940 350 177 652 284 561
331 485 992 797 691 039 961 521 110 963
432 724 186 225 786 423 021 255 296 924
528 250 416 004 341 841 640 793 555 810
696 417 023 843 215 493 614 446 533 033

The 4 Most Due Pairs: 35 09 37 78

Below is a picture of the spreadsheet I use for my coding system showing the top 10 pairs for New York this week (these are the 10 hottest pairs, but I only play the top two for now).

| I | J | K | L | M | N | O | P | Q | R | S | T | U | V | W | X | Y | Z | AA | AB |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|----|----|
| 5 | 6 | X | | | | | | 9 | 5 | 0 | 6 | 5 | 3 | | 7 | 6 | | | |
| 3 | 6 | X | | | | | | 5 | 4 | 5 | 8 | 2 | 6 | | 5 | 1 | | | |

The two hottest pairs are in the left (56 and 36) and the other eight pairs are on the right. I have 53 in red because it's hot this week based on the 4-Due Pairs program. Keep in mind that I came up with these pairs on SATURDAY NIGHT, MARCH 3, using a special coding system. (NOTE: I will tell you later how you can get this spread sheet to use in YOUR state).

I only playing pairs 56 and 36 this week, BUT—

Pairs 95 and 54 hit the very next day (SUNDAY, March 4) in the number 495.

495 Hit New York on Sunday March 4.

Pairs 26 and 76 hit together on Monday.

762 Hit New York on Monday March 5.

286 also Hit New York on Monday (Pair 26).
768 Hit New York on Tuesday Night (Pair 76).

| I | J | K | L | M | N | O | P | Q | R | S | T | U | V | W | X | Y | Z | AA | AB | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|----|----|--|
| 5 | 6 | X | | | | | | 9 | 5 | 0 | 6 | | 5 | 3 | | 7 | 6 | | | |
| 3 | 6 | X | | | | | | 5 | 4 | 5 | 8 | | 2 | 6 | | 5 | 1 | | | |

As you can see, these pairs are SUPER HOT.

I can “go crazy” with these pairs and put a lot of money on them – but I am not going to do that. I am only going to put money on the top two pairs for now and see how these pairs play out over the next few weeks – but just from this example you can see how accurate these pairs are.

These pairs are SUPERIOR to the pairs that the 4-Due Pairs program gives you because these pairs are ONLY GOOD FOR 7 DAYS: Sunday to Saturday (I call this **Containment**). This means that you will NOT go broke playing a pair week after week after week (you will not have to chase a pair); 7 days is the maximum amount of time that you will be playing any pair based on this system.

This is not a fluke: I will be posting the two or three hot pairs for New York for the coming week in my blog on Saturday night for the next few weeks; you will continue seeing these hot pairs hitting week after week (when they miss a week, you will usually see three hits the following week, or two doubles).

Now, I have some Bad News and Good News regarding these Super Hot Pairs.

Bad News: I do not have the time to code all the states and provide hot pairs for the coming week for all the states. There is just too much work involved to code a single state and come up with the hottest pairs for that state week after week.

GOOD NEWS!

I can teach you my coding system so you can learn how to code your state and come up with the hottest pairs on your own. Go here for details:

I am currently teaching several players how to code the Pick 3 game via email. There are almost 20 lessons in the training program. I will personally teach you my coding system, one email at a time. By the time you are done, you should be able to identify the hottest pairs in your state on your own.

Click on the **7 HITS in 3 WEEKS** link on the post above to open a PDF that explains how to get started (or email me with “**SEND 7 HITS in 3 WEEKS REPORT**” on the subject line of your email and I will email it to you right away).

If you don’t want to read anything and just want to get started right now, just email me with this on the subject line of your email: **\$60-7 Day Coding System.**

My email is aanewyork4000@gmail.com – I will send you a PayPal invoice for \$60. I will send you the first lesson right after I get payment.

SPECIAL BONUS: You will be using the SAME spreadsheet I showed you earlier. You will be able to change, add, or delete from it anything you like.
