

# Book-3 is Ready!

You need to have read **Book-2** (the **Coding Report**) **before** you read this book. I explain the **Coding Report** here: <http://alturl.com/r57if> No need to purchase Book-1 separately; the Introduction is the first 47 pages of the **Coding Report**). **Special Bonus Included in Book-3:** Exact instructions (pictures included) to add a 0 to the front of a number in Excel (**023**, **044**, **058**, etc.). Also included are instructions for doing basic formatting (very useful if you are not familiar with Excel.)

Here is what you will find in **Book-3** (**The 3 Week Trigger**):

- What the **3 Week Trigger** is and how to use it to hit **DOUBLES** in the Pick 3 game.
- I hit double **771** in New York on April 18, 2018. I explain exactly what I saw on my Excel sheet that told me that this double (77) would most likely hit that week (April 15-21).
- Clarification: I correct the most common coding mistakes.
- **The Coding Shortcut:** Know what the hottest pairs are without coding!
- Learn which of my programs works extremely well in **Florida, Illinois, Missouri, New York, North Carolina, Ohio, Ontario (Canada), South Carolina, and (especially) Texas!**
- How to use **Reverse Engineering** to find the hottest pairs in **GEORGIA** and any other state.
- How to find the hottest pairs in your state “in reverse.”
- How to use a letter coding system (**ABCDE-FGHIJ**) to identify hot pairs.
- The 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> Hottest Pairs in the Pick 3 Game.
- Pairs will give you a playlist. For example, pairs 19 and 57 will give you a playlist of 20 numbers (190, 191, 192, etc. and 570, 571, 572, etc.) In this report I explain **how to reduce this list down to just 16 numbers.**
- One of the most frustrating things in Excel is writing a number like **034** or **026** and having the number show up as 34 or 26 (Excel removed the 0 you entered). **In this report I explain exactly how to add that 0; pictures included!**
- How to center numbers in Excel (basic formatting explained).
- **My NEW Playing Strategy** explained in detail.

# Book-3 Comes in Two Parts

The success and failure of this coding system is completely based on the **accuracy of the codes**. I have found that many players are actually working with an incorrect set of codes because they are not coding the numbers correctly. That is why I have decided to send out Book-3 in two parts. This is not the most convenient way to get the book out - but it is a great way to quickly identify any errors you may be making while you code numbers. Therefore, Book-3 comes in two parts.

I will first send you a very short report with a few questions (pictures included). These questions deal with some of the most common coding errors I have seen. Do the best you can. Email me your responses to the questions on the body of your email (I will provide instructions).

After you email me your responses, I will email you Book-3. It will have the answers to the questions.

The Coding Report is \$60. This Book is also \$60. That's \$120. However, you can get BOTH for **\$99**. Order now and I will also include TWO Bonuses: 60 days of GOLD membership and what is perhaps my second greatest creation (the **7 Day Coding System** being the first); **The 11 Rules of the \$40,000 System**. You will get all this for just \$99:

- **The Coding Report (Book-2)**
- **The 3 Week Trigger (Book-3)**
- **The 11 Rules of the \$40,000 System**
- **60 Days of Gold Membership**

If interested, email me with this on the subject line of your email: **\$99-Books23-11 Rules-60Gold**. I will send you a Paypal invoice right away. I will send you Books 2 and 3 and the **11 Rules Report** right after I get payment. I will also give you 60 days of Gold access.

**If you already have the Coding Report**, I will give you Book-3, the 11 Rules Report and 60 days of Gold for \$60. For this Special, email me with **\$60-Book3-11 Rules-60Gold** on the subject line of your email. You can email me at [aanewyork4000@gmail.com](mailto:aanewyork4000@gmail.com)
