

5 Updates, The Texas \$6696 System, and a New WIN 4 Report!

UPDATE #1: I am still testing out different set of numbers to play in the NY Win 4 game. It looks like I will soon be focusing on 3 set of numbers; a few DOUBLES, 15 double-doubles (0099, 1133, 4455, etc.) and about 15 triples (0008, 8880, 5557, etc.). I will be playing more numbers, but I will hit more frequently and every hit will be a double, double-double, or a triple. I will start out playing the numbers for 0.25 cents box at 5dimes.com. More details will follow on this system.

UPDATE #2: The Excel sheet and Report for **TEXAS** will be ready soon. It will be a Kindle priced at just \$2.99. After that I will be working on the Excel sheet and Report for **Missouri** and **North Carolina**; other states will follow (**Ohio, South Carolina**, etc.).

UPDATE #3: A great deal of money can be made playing Win 4 – especially if the numbers are played at 5dimes.com. How much money? Well, in the Texas Report I will be explaining a system to make **\$6696 PER MONTH** in the Texas Win 4 game. This is **NET PROFIT** (after you have deducted all the money spent playing the numbers). This system is VERY promising.

If you have not read my report on 5dimes, email me with **SEND 5DIMES REPORT** on the subject line of your email to get my FREE report on how to use 5dimes.com intelligently. You can email me at aanewyork4000@gmail.com

UPDATE #4: You can request just the EXCEL sheet for the Win 4 game for **TEXAS, Missouri** and **North Carolina** right now (the Report will be ready in a few weeks). The price is \$15 to get the sheet now (before it goes up on Amazon). For \$15 you will get the Excel sheet for the Win 4 game AND 30 days of Gold membership (I will email you the Report at no extra charge when its completed). Before requesting the Excel sheet, you should FIRST read my FREE reports for the NY Pick 3 and Win 4 games to understand how the Excel sheet works; to get them, just email me with **SEND NY 14-WIN 4** on the subject line of your email.

After reading the reports, email me with one of these lines on the subject line of your email (depending on what state you want):

\$15-TEXAS WIN 4 EXCEL SHEET

\$15-MISSOURI WIN 4 EXCEL SHEET

\$15-NORTH CAROLINA WIN 4 EXCEL SHEET

I will send you a Paypal invoice right away.

After I get payment, I will email you the Excel sheet and give you 30 day access to my Gold programs (or add 30 days if you currently have access to my programs). I will send you the Report for your state when it's completed; the Texas Report will be sent out first.

UPDATE #5: If you are new to my list, make sure you check out this page: <https://pick3master333.com/free/> - Click on the link and open up the free edition of the **17 Steps** Kindle; this will give you an overview of everything I teach. Also request my FREE 10 Day Training if you have not done so already. I also suggest you **request to be added to my EXPRESS list** to get my latest report and update right away (EXPRESS members get my latest report first, before my general list gets it.) To be added, email me with **EXPRESS-ADD ME** on the subject line of your email.

INTRODUCTION to the Report that Follows.

What I will be discussing (starting on the next page) mostly applies to those players who are currently using or learning my **7 Day Coding System** which I explain here:

<https://pick3master333.com/best-system/>

This is my best and most advanced system.

This is the system I used to get the STRAIGHT hits you see here:

<https://pick3master333.com/box-hits/>

I am now using this system to beat the Win 4 game.

I am making progress towards this goal EVERY DAY!

A NEW Win 4 **SUPER** Program

Play THESE Special Numbers to ALWAYS Hit a
Double, **Double-Double** or a **Triple** Every Time
 You Get a Hit in the Win 4 Game!

If you play the Win 4 game, I just put up a new program that you should definitely look into. This program is especially useful if you are using my coding system because it will help you to identify a special set of **SUPER numbers** that will guarantee that you ALWAYS hit a DOUBLE (1223), DOUBLE-DOUBLE (2233), or a TRIPLE (3334) when you get a hit in the Win 4 game. Before I explain how to get these numbers, I first want to bring your attention to the **Triple Frequency Finder-4** program:

- > WIN 4 LINEUP-10
- > STRAIGHT LOW HIGH-4
- > STRAIGHT LOW HIGH-410
- > CONSOLIDATION-4
- > STRAIGHT POSITION-4
- > BOX POSITIONAL CONTROL-4
- > WHEELING PROGRAM-4
- > PAIR FREQUENCY FINDER-100
- > TRIPLE FREQUENCY FINDER-100
- > **TRIPLE FREQUENCY FINDER-4**
- > TRIPLE FREQUENCY FINDER-44
- > TRIPLE-FOUR
- > FRONT-PAIR-4

This Win 4/Pick 4 program will tell you what are the hottest triples in any list of numbers entered. This is VERY useful to know if you are using my coding system because it will tell you what are the best triple (codes) in any list of codes.

For example, the hottest triple in the last 616 codes in New York (44 weeks or 10 months) is **237**, followed by 247 and 023.

Triple Times Percentage

237 23 1.079

247 22 1.032

023 20 0.939

This means that 237x is a hot set of CODES in NY.

The codes and part of the output from the program are on the next two pages.

That's good – but I found something BETTER.

I just put up a new program that will only give you triples that have a repeating digit (**116**, **223**, **577**, **899**, etc.). This means that **8** out of the 10-set for these special numbers will be a **double** (example for **116**: 1160, 1162, 1163, 1164, 1165, 1168, 1169).

One number will be a **double-double** (1166).

One number will be a **triple** (1161).

This will be true for the 10-set of **every** triple in the output of this program. It is even better for the triples found on the bottom of the output; here you will see REAL triples: 000, 111, 222, etc.

This program is the **TRIPLE FREQUENCY FINDER-44** program.

This is a NEW program.

You can find it on the menu here:

- > STRAIGHT POSITION-4
- > BOX POSITIONAL CONTROL-4
- > WHEELING PROGRAM-4
- > PAIR FREQUENCY FINDER-100
- > TRIPLE FREQUENCY FINDER-100
- > TRIPLE FREQUENCY FINDER-4
- > TRIPLE FREQUENCY FINDER-44**
- > TRIPLE-FOUR
- > FRONT-PAIR-4
- > BACK-PAIR-4

You can see the full output from the program in the next few pages. As you can see, ALL the triples in the output have at least two repeating digits. The top triple is **116**. This means that the hottest triple CODE with a **REPEATING digit** in the Win 4 game in New York is 116 and the corresponding playlist for this CODE is 1160, 1161, 1162, 1163, 1164, 1165, 1166, 1167, 1168, and 1169. This code (116) is turned into the actual triple to play by entering the 40 number distribution into the Anchor (as explained in the FREE Pick 3 and Win 4 reports I mentioned earlier).

Triple Times Percentage

116	15	2.53
008	12	2.024
099	10	1.686
336	10	1.686

Triple 116 hit **15** times during the last 44 weeks in New York. 44 weeks is about 10 months; so one of these 10 numbers (code 116X) hits slightly more than once per month. (Again, these are CODES—not the actual numbers to play in New York). You can see the output from the program on the next five pages.
